The below calendar will be reviewed and subject to the liquidity forecast and cash flow to be delivered in accordance with the condition precedent (m) at the beginning of this Term Sheet. If further to that review, and in any event prior to implementation, the dates or amount of any of the Tranches 1 and/or 2 is to be changed (in respect of the dates) or reduced (in respect of the amounts) set out below, the consent from all the lenders of the Rolled Over Debt, from the funds managed and/or advised by KKR and from the funds managed and/or advised by BlueMountain will be required to effect such modification of dates or reduction of amounts in the calendar. If such modification of dates or reduction of amounts is not approved by all the said creditors, the calendar and amounts set out below will not be considered satisfactory for the A3T Bondholder (unless otherwise consented in writing by the A3T Bondholder):</p> <ul style="list-style-type: none"> - Tranche 1: The Issuer will issue, and the A3T Bondholder will subscribe for Bonds in an amount of €30 m on the Closing Date; - Tranche 2: Provided that the A3T project finance has been raised and the NM1/3 Debt has been repaid in full (the “First Milestone”), the Issuer will issue, and the A3T Bondholder will subscribe for Bonds in an amount of €20 m within 10 Business Days after the date of completion of the First Milestone;

- **Tranche 3:** Provided that the First Milestone has occurred, the “commercial operations date” in respect of A3T has taken place and a satisfactory Old Money Restructuring has been achieved (jointly, the “**Second Milestone**”), the Issuer will issue, and the A3T Bondholder will subscribe for Bonds in the remaining amount until the Maximum Issue Size is reached (including any Released Holdback Amount if the Holdback Release Event has occurred before the date of closing of the A3T project finance) within 10 Business Days after the date of completion of the Second Milestone.

If the Holdback Release Event has not occurred before the date of closing of the A3T project finance, at the A3T Bondholder’s election (the “**A3T Bondholder Option**”), the Issuer will issue, and the A3T Bondholder will subscribe for Bonds in an amount of up to €34 m, so that the Issuer can apply such amount directly to repay the NM1/3 Debt on the date of closing of the A3T project finance so that, together with the proceeds out of the A3T project finance, the NM1/3 Debt is repaid in full. For the purposes of this provision:

“Holdback Release Event” shall mean a release of all or part of the Holdback Amount and an application of such funds to repay the NM1/3Debt

“Released Holdback Amount” shall mean any Holdback Amount effectively released in favour of ACIL Luxco 1 and used to repay NM1/3 Debt.

The Released Holdback Amount, if released after the repayment in full of the NM1/3 Debt, may be upstreamed by ACIL Luxco 1 to the relevant member of the Abengoa Group and will be freely available for the Abengoa Group to satisfy its general corporate needs. A “**satisfactory Old Money Restructuring**” will be considered achieved if (a), at least, 75% of the Old Money debt (i.e. 75% of the Senior Old Money and the Junior Old Money) outstanding at that time has agreed to restructure its debt in terms satisfactory to the NM2 Creditors and the NBF Creditors (including New Bonding Line providers) and a request for a judicial homologation (complying with all requirements under the Spanish Insolvency Law) has been filed, or (ii) the SOM Transaction is implemented through a consensual route, further to the consent of the Requisite SOM Majority, also in terms satisfactory to the NM2 lenders and the NB providers.

This calendar is for the benefit of the A3T Bondholder. The A3T Bondholder may elect at its sole discretion at any moment in time to subscribe and fund 100% of the Maximum Issue Size being therefore the Issuer obliged to issue the Bonds within 10 Business Days as from the A3T Bondholder’s written request to do so.

Underlying Shares

Newly issued Shares representing up to 99.99% of the Issuer’s share capital.

The percentage of the Issuer's share capital to which the A3T Bondholder will be entitled upon conversion shall be equivalent to the proportion that the Final Issue Size bears to the Maximum Issue Size (with a maximum of 99.99%).

For the purposes of this provision:

"Final Issue Size" shall mean the amount of Bonds finally issued by the Issuer and subscribed by the A3T Bondholder in accordance with the calendar and milestones set out in "Maximum Issue Size" above.

A mechanism to ensure that the existing shares of the Issuer (held by Abener Energía and A3T Holdco in case of A3T Luxco 2, by A3T Luxco 2 in case of A3T Luxco 1 and by A3T Luxco 1 in respect of A3T) are delivered to the A3T Bondholder upon conversion of the Bonds will be implemented in the documentation. This mechanism will only apply when these existing shares represent a maximum of 0.01% of the Issuer's share capital post-conversion of the Bonds (the "**Existing Shares**").

A3T Bondholder	Banco Santander, S.A. (or any entity controlled by it) and/or any other NM2 Creditor, Interim Financing Creditor and/or NBF Creditor who wishes to participate in the A3T Convertible Bond provided that it assumes its pro rata amount.
Denomination	€100,000 (the " Principal Amount ")
Purpose	Proceeds under the Bonds shall be used to finance general corporate needs of the Abengoa Group (but shall not be used in any case to repay or pay whatsoever amount owed under any financial debt, including the Claimants Debt).
Form	Registered
Ranking of the Bonds	At the Issuer level, the A3T Convertible Bond will rank junior to the Rolled Over Debt and to the NM1/3 Debt, until such NM1/3 Debt is repaid. Upon maturity or conversion following a Sale Event (as defined below), any outstanding amounts will be assumed by Abenewco 1 under the NM2 Contingent Tranche and will therefore rank <i>pari passu</i> with NM2 Debt.
Purchase Price	100% of the Principal Amount.
	The A3T Bondholder will subscribe for the Bonds in cash in accordance with the calendar and milestones set out in "Maximum Issue Size" above.
Closing Date	Upon satisfaction of all Conditions Precedent established in this Term Sheet and those contained in the Restructuring Documents.
Maturity Date	December 2023
Fixed Interest Amount	9% annual payable on the earlier of the conversion date or the Maturity Date.
Conversion Price	A price per Share which, upon conversion, will entitle the A3T Bondholder to receive newly issued Shares representing a

percentage of the Issuer's share capital equivalent to the proportion that the Final Issue Size bears to the Maximum Issue Size (with a maximum of 99.99%).

Redemption or conversion into Shares

The A3T Bondholder will have the option at any time to either redeem all or part of its Bonds for an amount in cash equivalent to the Cash Settlement Amount (as defined below) per Bond or convert all of their bonds into the number of Shares resulting from dividing the Cash Settlement Amount by the Conversion Price.

Partial conversion of the Bonds to be considered in long form documentation and to be agreed between the Issuer, all the creditors under the Rolled Over Debt and the A3T Bondholder. For the above purposes the "**Cash Settlement Amount**" shall be an amount in cash equal to the Principal Amount plus accrued interests up to the redemption or conversion date.

The A3T Bondholder shall not redeem or convert the Bonds until the NM1/3 Debt has been repaid in full.

Distribution upon a Sale Event

If a Sale Event (as defined below) takes place (whether before or after the conversion of the A3T Convertible Bond) and

(a) the price offered (net of any costs, expenses and taxes) (the "**Sale Proceeds**") is equal to, or higher than, the Cash Settlement Amount plus the outstanding amount of the Rolled Over Debt, the Issuer shall repay in full the Cash Settlement Amount and the Rolled Over Debt outstanding. If the sale is directed by Abengoa (prior to conversion of the A3T Convertible Bond), no consent from the A3T Bondholder will be required.

Any Excess Disposal Proceeds, regardless of the Sale date, shall be shared on a 50% basis between the A3T Bondholder (as payment of a prepayment fee) and the Issuer in accordance with the Upside Sharing section below; or

(b) the Sale Proceeds are below the Cash Settlement Amount plus the outstanding amount of the Rolled Over Debt, the prior written consent from the A3T Bondholder to commit or execute the Sale will be required. If it is not granted, the Sale shall not be committed or consummated. If approved by the A3T Bondholder, the Sale may be consummated (provided that the Rolled Over Debt is repaid in full (or, otherwise, all the Rolled Over Debt creditors give their prior written consent), and the Sale Proceeds shall be applied to pay (i) first, the Rolled Over Debt outstanding (in full, unless otherwise consented) to the lenders thereunder and (ii) second, with any outstanding proceeds, partially the Cash Settlement Amount. Prior to the conversion of the Bonds, the remaining amount of the Cash Settlement Amount will have recourse vis-à-vis Abenewco 1 under the guarantee granted by Abenewco 1 and will result in the crystallisation of any outstanding Cash Settlement Amount under the Contingent Tranche (as defined in Part 3). After the conversion of the Bonds, the recourse vis-à-vis Abenewco 1

will be structured through the Put Option arrangements set out in Part 1 (B) of this Term Sheet.

For the above purposes: a “**Sale Event**” will occur if A3T Luxco 2 or A3T Luxco 1 (the “**Seller**”) effectively sell to a third party (other than an entity pertaining to the group of entities to which the A3T Bondholder pertain) (the “**Acquirer**”), pursuant to a Competitive Sales Process (as defined in Part 1(B) below) or following the receipt of a Fair Market Value Opinion (as defined in Part 1(B) below), 100% or a portion of the shares of A3T Luxco 1 or A3T (as applicable) or the A3T business (the “**Sale**”).

the case may be) to a third party as detailed above.

Rules applicable to any Sale

Any total or partial Sale made by the Beneficiary (post-conversion of the A3T Convertible Bond) or indirectly by Abengoa (pre-conversion of the A3T Convertible Bond) of A3T, its business or any holding company of A3T shall be either:

- (a) pursuant to a Competitive Sales Process; or
- (b) where a reputable international investment bank or a reputable international professional services firm (the "**Independent Financial Adviser**") selected by the Beneficiary has delivered an opinion in respect of such sale or disposal confirming that the amount received in connection therewith is fair from a financial point of view taking into account all relevant circumstances ("**Fair Market Value Opinion**"); provided that the liability of such Independent Financial Adviser in giving such opinion may be limited to the amount of its fees in respect of such engagement;

"Competitive Sales Process" means any auction or other competitive sales process conducted with the advice of the Independent Financial Adviser to be appointed by (i) prior to the conversion of the A3T Convertible Bond, Abengoa with the written consent of the Beneficiary, or (ii) after the conversion of the A3T Convertible Bond, the Beneficiary (without any requirement to consult with, or request the consent from, Abengoa or any of its subsidiaries).

In the event that the A3T Bondholder has converted the A3T Convertible Bond into shares of the Issuer, it shall make its best efforts to start the Sale process no later than one (1) year before the Maturity Date of NM2 Debt

Put Option Exercise Events

1. No total sale of A3T business to a third party on the Put Option Termination Date. If a partial sale was effected before the Put Option Termination Date, the Put Option will remain in full force and effect in respect of the shares held by the A3T Bondholders until the Put Option Termination Date.
2. 3 months prior to the maturity date or at any time as from the date of acceleration of any debt with recourse to Abenewco 1 (including the NM2 Debt and the NB Finance Documents) on or before the Put Option Termination Date in accordance with the terms of (and subject to the requisite majorities under) the said debt instruments.
3. (a) 3 months prior to the maturity date of the Senior Old Money or the Junior Old Money; or (b) at any time as from the date of enforcement of any of the said debt instruments.
4. In the event that the NM1/3 Debt is accelerated,

claimed or enforcement proceedings are initiated in respect of the debt, the guarantees or the NM1/3 security.

5. If it becomes illegal for A3T Bondholder or a material increase in capital requirements is imposed on the A3T Bondholder due to holding a participation (whether direct or indirect, in equity or via a convertible instrument) in a company like A3T.

Upside Sharing

Sale Proceeds which are above an enterprise value of €576m (or above an equity value equal to the Issue Size + 9% annual yield accrued up and until the date on which the sale is executed) but deducting any financial costs accrued under any debt instrument related to A3T or any other costs derived from the NM1 Orphan structure will be shared between the Beneficiary and Abenewco 1 on a 50%/50% basis (the "**Excess Disposal Proceeds**"). The percentage of Excess Disposal Proceeds corresponding to Abenewco 1 will be applied (i) first, to prepay the NM2 Debt (other than NM2 Debt which constitutes Rolled Over Debt), (ii) second, to create a cash collateral as security for the outstanding bonds issued under the NB Facility Agreement and the New Bonding Line.

No sharing of Sale Proceeds will apply after the Put Termination Date if the Sale was carried out by the A3T Bondholder (post-conversion of the A3T Convertible Bond) except as contemplated in paragraph below. However, if the Sale is directed by Abengoa (pre-conversion), Sale Proceeds will be shared on a 50% basis between the A3T Bondholder and Abenewco 1 whether the Sale is executed before or after the Put Termination Date.

The A3T Bondholder will be entitled to renounce to the Put Option right at any time before the Put Termination Date, however, such waiver shall not be made with the sole purpose of avoiding the application of this Upside Sharing. In this sense, if within 6 months after the waiver date of the Put Option, the A3T Bondholder effectively transfer to a third party the A3T business, the Upside Sharing provisions will continue to apply and the A3T Bondholder agree to share 50% of the Excess Disposal Proceeds with Abenewco 1.

For the purpose of determining the “**Gross Debt**”:

⁶ Note: Abenewco I to be added as a Material Subsidiary

- the Bondholders (acting through a Simple Majority Bondholder vote) having the ability to appoint a board observer at the Company (the “**Bondholder Observer**”); and
- the restructuring documents and the constitutional documents (i.e. articles of association -except for Abengoa, S.A-, Board regulations) of the relevant Group Companies (list to be agreed) being amended to (1) include appropriate provisions preventing the Company or any other member of the Abengoa Group from taking or approving any transaction or step which would breach any DC Dis-applied Provision (a “**Material Action**”), if the Bondholders have served a DC Redemption Notice (as provided below) without the prior written consent of the Simple Majority Bondholders (prior to a conversion of the Bonds); and (2) establish the following procedure:
 - A. if the Company or any other member of the Abengoa Group is considering taking or approving any Material Action, then such decision shall be brought to the board of directors of the Company;
 - B. the directors of the Company shall hold a meeting to discuss such Material Action and shall invite the Bondholder Observer to such meeting (the “**Initial Board Meeting**”) and shall give the Bondholder Observer reasonable notice of any Initial Board Meeting;
 - C. the Company or relevant member of the Abengoa Group shall take no further action with respect to such Material Action for a period of 15 business days following the Initial Board Meeting (the “**Consideration Period**”), during which time (i) the Bondholder Observer shall be permitted to update the Bondholders with respect to the relevant Material Action; and (ii) if the Initial Board Meeting had decided to approve any transaction or take any action that would breach any DC Dis-applied Provision (unless the relevant action is authorized subject to obtaining the prior consent from the Simple Majority Bondholders and provided that in no circumstances will the Initial Board Meeting be the meeting at which the Material Action becomes legally effective, rather it shall merely be the initial authorizing meeting), the Simple Majority Bondholders shall be entitled to trigger a Redemption Event (as set out below) (a “**DC Redemption Event**”) by notice to the Issuer (a “**DC Redemption Notice**”);
 - D. at the end of the Consideration Period:
 - if a DC Redemption Notice **has not** been provided, the Company or relevant member of the Abengoa Group shall be permitted to carry out the Material Action and the Bondholders shall not be entitled to Make Demand with respect to such Material Action; and

- if a DC Redemption Notice **has** been provided, the Company or relevant member of the Abengoa Group shall continue to be prohibited from taking any further steps with respect to such Material Action without the prior written consent of the Simple Majority Bondholders (prior to a conversion of the Bonds);
- E. if the Company or relevant member of the Abengoa Group breaches any of the provisions set out in paragraphs (A) to (D) above, then the Simple Majority Bondholders (acting in their sole discretion) shall be permitted to immediately Make Demand.

The Simple Majority Bondholders (acting in their sole discretion) shall only be permitted to Make Demand within a period of 1 calendar month following the occurrence of any of the following:

- 1) in the circumstances described in paragraph (D) above provided that a DC Redemption Notice has been served;
- 2) if there is an Insolvency Event of the Issuer;
- 3) in any circumstances currently permitted under the Group Intercreditor Agreement;
- 4) if there is a non-payment of interest or non-payment in connection with any Cash Redemption,

(together the “**Trigger Events of Default**”).

If the Simple Majority Bondholders are entitled to Make Demand, any such action shall be subject to the provisions of the Group Intercreditor Agreement.

For the sake of clarity, the Bondholders shall not be permitted to Make Demand unless a Trigger Event of Default has occurred, and, in particular, shall not be permitted to Make Demand (unless a Trigger Event of Default is outstanding) upon the occurrence of:

- any Conversion Event of Default or any other event of default under the Bonds (unless such default is a Trigger Event of Default);
- a Sale Event; or
- a Capital Increase Trigger.

Redemption (in cash and conversion into Shares) Each Bond (principal plus accrued but unpaid interest and all other outstanding amounts under the Bonds) will be redeemed for:

- an amount in cash equivalent to the Cash Settlement Amount (as defined below) (a “**Cash Redemption**”), if any, *and, in addition* (to the extent they cannot be redeemed in cash in full);
- a number of Shares resulting from dividing the Conversion Amount (as defined below) by the Conversion Price (“**Equity Redemption**”),

in the following circumstances (each, a “**Redemption Event**”):

- A. if the Simple Majority Bondholders provide a DC Redemption Notice;

- B. if a Conversion Event of Default has occurred at any time, then the date on or following such Conversion Event of Default which the Simple Majority Bondholders notify the Issuer as being a Redemption Event date (an "**EoD Redemption Event**");
- C. mandatorily on the Maturity Date unless:
 - (i) there is undergoing a permitted acceleration of the Bonds or an Insolvency Event in respect of the Issuer on the Maturity Date;
 - (ii) Abenewco I is undergoing insolvency proceedings (en concurso de acreedores) on the Maturity Date; or
 - (iii) there is an Insolvency Event in respect of Abenewco I or any material subsidiary (provided that such Subsidiaries represent 80% or more of the Abenewco I consolidated EBITDA) on the final extended Maturity Date (i.e., on the 5th anniversary from the Original Maturity Date);

in any which case the Simple Majority Bondholders may, within 1 month after the relevant Maturity Date, elect not to convert, therefore remaining as debt. If election is not made or the Simple Majority Bondholders is not reached within that one calendar month, the Bonds shall be converted mandatorily within the next 10 days

If there has been a Trigger Event of Default within the 6 months period prior to the Maturity Date, the Maturity Date shall be extended to the date falling 6 months after the occurrence of the Trigger Event of Default and, provided no acceleration of the Bonds has been made within such 6 months period, the Bonds shall mandatorily convert on the extended Maturity Date unless any of (i), (ii) or (iii) above apply and the Simple Majority Bondholders has elected to remain as debt within the said one calendar month.

For the avoidance of doubt, (a) if the Bondholders Make Demand under the Guarantees in a manner permitted under this Term Sheet (and the current Group Intercreditor Agreement), the claim already made against the relevant Guarantor shall remain in full force after the Bonds are mandatorily converted; and (b) if a Make Demand is made against a Guarantor, such Make Demand against a Guarantor shall not by itself be deemed to be an acceleration of the Bonds for the purposes on limb (i) above, provided that in the cases of (i) and (ii) above, the crystallised claim arising through the Bondholder Make Demand under the Guarantees shall in all circumstances be subject to the terms of the Group Intercreditor Agreement (including, but not limited to, the waterfall provisions, the standstill provisions and the Distressed Disposal provisions) and any equity allocated to the Bondholders shall be reduced proportionately to any

returns received from the proceeds of such Bondholder Make Demand;

D. if there is a Sale Event, then at completion of the Sale Event, at the election of the Simple Majority Bondholders; and

E. if a Capital Increase Trigger has occurred, at the election of the Simple Majority Bondholders, save that a conversion in these circumstances will be into shares of Abenewco I (fully diluted and free of encumbrances) if:

- the NM2/NBF Strategic Investment Committee (as this term is defined in the NM2 Term Sheet as amended by the Lock-up Agreement), taking into consideration the strategic investor's views, notifies the Bond Trustee accordingly; and
- the Abenewco I Listing Consent has been provided,

in each case, within 5 business days of the Capital Increase Trigger (a "**Capital Increase Conversion**"), provided that, in such case, all relevant parties (including the Issuer, Abenewco I, Abenewco I MC Holders and the strategic investor) shall take and /or consent to all necessary actions to implement such conversion as promptly as possible, including through the assumption by Abenewco I of the Issuer's obligations under the Bonds for the purposes of their immediate capitalization into shares of Abenewco I.

Absent a notification from the NM2/NBF Strategic Investment Committee, conversion will be into shares of the Issuer.

For the purposes of this SOM Term Sheet:

- "**Bondholder Deemed Consent**" means any Consent (as defined in the Group Intercreditor Agreement) or waiver which is deemed to have been given by the Bondholders under Clause 31.6 (*Deemed consent*) of the Group Intercreditor Agreement (or its equivalent in any amended Group Intercreditor Agreement).

"**Cash Settlement Amount**" means any available cash in excess of €50 million of the Abengoa Group (including, for these purposes, only the available cash held by the companies that are Obligors under the NM2 and the NBF and any other Group Company that holds cash (provided such cash is not subject to upstreaming restrictions in which case such cash shall only be computed for these purposes from the date on which such restrictions are no longer applicable)). The amount of available cash shall be calculated using the average amount of cash available over a time period to be agreed and shall exclude (A) any restricted cash; and (B) in the case of a Capital Increase Conversion only, the amount of funds injected by the relevant investor(s) in connection with such capital increase (regardless of whether the share capital increase is at the level of Abenewco I or the Issuer).

- "**Conversion Amount**" will be the part of the Principal Amount (plus accrued but unpaid interest and all other outstanding amounts under the Bonds) not redeemed in cash.
- "**Conversion Event of Default**" means any event of default under the Bonds, and includes any event or circumstance where an

event of default would have arisen under the Bonds if a Bondholder Deemed Consent had not occurred. The occurrence of a Conversion Event of Default will entitle the Bondholders, acting by the Simple Majority Bondholders, to trigger an EoD Redemption Event. For the sake of clarity, the occurrence of any Conversion Event of Default (other than a Trigger Event of Default or as set out above) shall not give the Bondholders any right to accelerate the Bonds.

- “**Sale Event**” means (i) a direct or indirect change of control of Abenewco I; or (ii) any sale, disposal or other transfer of all or substantially all of the assets of the Issuer.

No Cash Redemption shall take place and all of the Bonds will be redeemed through an Equity Redemption if:

- A. any NM2 Debt, Reinstated Debt or the NM2 Contingent Tranche remains outstanding (whether as crystalized or contingent debt and, in the case of the NM2 Contingent Tranche, until it is cancelled or otherwise discharged in full);
- B. the Redemption Event occurs before 31 March 2021;
- C. if there is an event of default under and as defined in the NBF Finance Documents (including the New Bonding Line) or the Reinstated Debt which is continuing or which would arise immediately following such payment; or
- D. if the Leverage Ratio is above 4.5:1.

Conversion mechanics to be agreed to allow for a fast conversion into shares in the relevant entity.

The Bonds shall only be redeemed in full, not in part.

Sale Event

Any Sale Event shall require the prior written consent from the Simple Majority Bondholders unless:

- A. the Sale Event arises pursuant to the enforcement of the transaction security granted in favour of the NM2 Creditors and NBF Creditors over the shares issued or assets of Abenewco I or its subsidiaries or upon any distressed disposal of shares or assets subject to the transaction security as currently permitted by the Group Intercreditor Agreement;
- B. Bondholder consent has been provided to the Equity Raise (as defined below) or the pre-emption rights in favor of the Bondholders and Abenewco I MCs holders have been exercised; and/or
- C. a redemption of the Bonds at such time would result in the Bondholders receiving cash and/or Shares with an aggregate value equal to the Principal Amount of each Bond plus accrued but unpaid interest and any other outstanding amounts.

Anti-dilution provisions

Anti-dilution protection (i.e., pre-emption rights) triggered in all permitted equity raisings by the Abengoa Group (an “**Equity Raise**”), *provided that* in the event of an issuance to a strategic investor in the

same business (definition of strategic investor to be mutually agreed) the following will be applicable:

- from 1 January 2020, a strategic investor can invest in equity for up to 35% of Abenewco I without the Bondholders having pre-emption rights;
- from the Closing Date until 31 December 2019, there will be a pre-emption right for the Bondholders and Abenewco I MCs Holders (pro rata with respect to their holdings i.e. 77.5:22.5) waivable by majority SOM/NM2 MC Committee;
- SOM/NM2 MC Committee:
 - any Bondholder, holding more than 6% of the Bonds by value and in issuance, or Abenewco I MCs Holder entitling them to hold, upon conversion of the Abenewco I MCs, or holding more than 6% of the fully diluted AbeNewco 1 equity (proforma for the conversion) can join the SOM/NM2 MC Committee (i.e. the initial members will be Canyon, Alden, KKR, BlueMountain and Santander);
 - committee members will be removed if holdings drop below 4%; and
 - until 31 December 2019, members of the committee should confirm their holdings to the Issuer upon request at the time of the proposed investment;
- If, after considering any proposed transaction, the SOM/NM2 Committee rejects the waiver, then the Bondholders and Abenewco I MCs Holders will retain their pre-emption rights; and
- if there are no members in the SOM/NM2 MC Committee then the waiver is automatically obtained by the Company.

With respect to any Equity Raise:

- there will be an ability for the Simple Majority Bondholders to trigger a conversion event (a "**Capital Increase Trigger**") and exchange the Bonds as set out above for a Capital Increase Conversion;
- capital increase subject to fairness opinion / fair market value test by an independent third party at the cost of the Company;
- SOM/NM2 MC Committee will propose 3 independent appraisers (to be identified in the long form documentation) and the Company can pick one amongst those nominated;
- the Simple Majority Bondholders can appoint a board observer at Abenewco I at the Closing Date provided that the chosen candidate has to be ratified every year by the same vote; and
- dilution from a capital increase to have proportional impact on (i) the Issuer's equity holding in Abenewco I and (ii) Abenewco I MCs Holders' fully diluted shares pro forma for the mandatory conversion.

	Long form documents to set out procedures including notice periods and requirements.
Pre-emptive rights	<p>Pre-emptive rights will be exercised as follows:</p> <ul style="list-style-type: none"> - Bondholders and Abenewco I MCs Holders will be entitled to exercise pre-emptive rights on a pro rata basis with respect to their holdings in Abenewco I's share capital (on the basis of a proforma conversion) within a 7-business day period ("Pro-rata Phase"). - If after the Pro-rata Phase there are remaining amounts not subscribed for ("Remaining Amount") then Bondholders and Abenewco I MCs Holders will have the right to subscribe for the Remaining Amount within a 3-business day period. - If the total amount exercised is greater than the Remaining Amount, the Remaining Amount will be allocated on the basis of the proportion between the requested amount and the Remaining Amount. - If the amount exercised is equal to the Remaining Amount, it will be automatically allocated to subscribers. - If the amount exercised is lower than the Remaining Amount, there will be no pre-emptive rights and the Equity Raise will be carried out without pre-emptive rights.

Schedule 15 **Consent Schedule**

Part 1. Consents under the Finance Documents

By entering into this Agreement, the NM2 Creditors and the NBF Creditors (expressly including the creditors under the Interim Facility Agreement) consent to:

- (a) the sale of the Divestment Companies pursuant to the terms described in Schedule 13 (*Divestment Companies*) (noting that no Divestment Company is a Guarantor NM2/NBF Independent Collateral Debtor, NM2 Priority Collateral Debtor or EPC Sub-Group Debtor under the Finance Documents);
- (b) the liquidation of Israeli company NEA Solar; and
- (c) the write off an intercompany loan between NEA Solar as debtor and Abener Energía, S.A. as creditor (originally entered into between NEA Solar Power Ltd and Abengoa Solar, S.A. on 21 May 2014, and afterwards assumed by Abener Energía, S.A. (as creditor) as a consequence of a merger with Abengoa Solar, S.A.) for an amount of €2,379,328.91 (the "Abener Intercompany Loan"), and pledged for the benefit of the NM2 Creditors and the NBF Creditors on 17 March 2017,

noting such consents are required as:

- (i) the sale of the Divestment Companies is not foreseen under the Viability Plan, therefore such disposals do not constitute a 'Permitted Sale' under the Finance Documents); and

- (d) that the companies listed below (all of them Abengoa Group Guarantors except Centro Tecnológico Palmas Altas, S.A. the latter being a Material Subsidiary under the Finance Documents) may approve a capital reduction with the aim of curing their capital impairment situation produced as a consequence of the losses incurred during the 2018 FY (the "**Capital Reductions**").  - (vi) Abeinsa Business Development, S.A.

Creditors under the Finance Documents will not have an opposition right in relation with the Capital Reductions given that such Capital Reductions is conducted with the sole purpose of remedying the capital impairment of the affected companies.

- (j) The definition of the NM2/NBF Independent Collateral Instructing Group included in the Group Intercreditor Agreement will be amended as follows and the following new definitions will be added to the Group Intercreditor Agreement:

"NM2 Contingent Tranche Creditors Liabilities" means the Liabilities owed by Abenewco 1 to the NM2 Contingent Tranche Creditors under or in connection with the NM2 Finance Documents

"NM2 Contingent Tranche Creditors" means the creditors under the Contingent Tranche, as this term is defined in the NM2 Facility Agreement.

"Majority NM2 Contingent Tranche Creditors" means, at any time, the NM2 Contingent Tranche Creditors whose aggregate NM2 Contingent Tranche Creditor Liabilities then outstanding aggregate more than 50.1% of the total principal amount of the Contingent Tranche.

NM2/NBF Independent Collateral Instructing Group	means the Majority NM2 Creditors and the Majority NBF Lenders, acting together, provided that, if the enforcement instructions are given to NM2/NBF Independent Collateral Security Agent as a consequence of a Major Event of Default, the following shall apply in respect of:
	(A) NM2 Creditor Liabilities prior to the NM2 Discharge Date (excluding the discharge of the NM2 Contingent Tranche Creditors Liabilities): the Majority NM2 Creditors (excluding the NM2 Contingent Tranche Creditors until such time as the other NM2 Creditor Liabilities have been discharged in full) provided that, after the enforcement is made, the NM2/NBF Independent Collateral Transaction Security shall remain in full force and effect in favour of the NBF Creditors in their capacity as NM2/NBF Independent

--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

For the avoidance of doubt, the definition of the EPC Sub-Group Instructing Group, the NM2 Priority Collateral Instructing Group and Clause 20.7 (*Order of Application: NM2/NBF Independent Collateral*) of the Group Intercreditor Agreement will not be amended.

The definition of Major Event of Default will be agreed by the parties in the relevant Restructuring Documents but shall include as a minimum any event of default:

(1) arising pursuant to the following under the NM2 Facility Agreement:

- (A) clause 17.1.1 (*Payment default*);
- (B) clause 17.1.3 (*Breach of the Intercreditor Agreement*);
- (C) clause 17.1.5 (*Cross default*);
- (D) clause 17.1.6 (*Cross acceleration*);
- (E) clause 17.1.7 (*Additional indebtedness*);
- (F) clause 17.1.8 (*Breach of the Liquidity Ratio*) and other financial covenants;
- (G) clause 17.1.11 (*Adverse Material Change*);
- (H) clause 17.1.12 (*Insolvency*);
- (I) clause 17.1.13 (*Cessation of business, expropriation*);
- (J) clause 17.1.14 (*Seizure*);
- (K) clause 17.1.15 (*Ensuing invalidity*);
- (L) clause 17.1.17 (*Sanctions*);
- (M) clause 17.1.18 (*Changing business or corporate purposes and corporate changes*);

- (N) clause 17.1.21 (*Control*);
- (O) clause 17.1.22(ii)-(v) inclusive (*Breach of the obligations of constitution and, where appropriate, registration of the Collateral*);
- (P) clause 17.1.24 (*Finance Documents*); and

(2) any breach that there is a DC Disapplied Provision in relation to.

- (k) Creation of a new NM2/NBF Strategic Investment Committee which will be in charge of taking decisions related to the release of the NM2/NBF Independent Collateral Transaction Security in the event that an Equity Raise (as defined in the Senior OM Term Sheet) has occurred.

Decisions within the NM2/NBF Strategic Investor Committee will be taken by majority in number of its members, but taking into account that if the NM2/NBF Strategic Investor Committee does not grant its consent because its members are unable to reach a consensus (acting as a majority in number), the NM2/NBF Independent Collateral Transaction Security shall not be released.

The Group shall agree cleansing arrangements with the NM2/NBF Strategic Investor Committee prior to asking them to consider any proposed Equity Raise transaction.

The NM2/NBF Strategic Investor Committee will be formed by four (4) members:

- (i) the A3T Bondholder, as long as it holds the A3T Bonds or the Contingent Tranche against Abenewco 1 and whether the Contingent Tranche has crystallized, or not;
- (ii) the entity elected by the Majority NBF Lenders (as defined in the Group Intercreditor Agreement); and
- (iii) the remaining two (2) members will be the NM2 Creditors holding the largest amount of the NM2 Creditor Liabilities, but provided that each of them holds NM2 Creditor Liabilities equal to or greater than 10% (the "**Minimum NM2 Exposure**").

As of the Closing Date, the members of the NM2/NBF Strategic Investor Committee members will be Banco Santander, S.A. (as A3T Bondholder), the NBF Lender elected by Majority NBF Lenders consent, KKR and BlueMountain (KKR and Blue Mountain together the "**Original NM2 Strategic Investor Committee Members**")

The maximum number of votes that each Creditor (including, for such purposes, entities within the same group and entities managed or advised by the same fund) may have in the NM2/NBF Strategic Investment Committee in its different roles shall be two (2) votes.

If any NM2 Creditor sitting at the NM2/NBF Strategic Investment Committee (other than the A3T Bondholder and the elected NBF Lender) holds less than 15%:

- (i) provided that either or both of the Original NM2 Strategic Investor Committee Members continue to hold more than the Minimum NM2 Exposure and continue to be the largest NM2 Creditor(s), the relevant Original NM2 Strategic Investor Committee Member(s) will continue to be the elected NM2/NBF Strategic Investor Committee members;

- (ii) if either or both of the Original NM2 Strategic Investor Committee Members continue to hold more than the Minimum NM2 Exposure but the relevant Original NM2 Strategic Investor Committee Member(s) is no longer one of the two largest NM2 Creditor(s), there will be a vote to decide whether the relevant Original NM2 Strategic Investor Committee Member(s) shall continue to represent the NM2 Creditors on the NM2/NBF Strategic Investor Committee and:
 - (A) if the Majority NM2 Creditors decide to retain relevant Original NM2 Strategic Investor Committee Members on the NM2/NBF Strategic Investor Committee, they shall continue to act in such capacity; and
 - (B) if the Majority NM2 Creditors decide to replace the relevant Original NM2 Strategic Investor Committee Members on the NM2/NBF Strategic Investor Committee, the next largest NM2 Creditor(s) will get an automatic vote in the NM2/NBF Strategic Investor Committee provided that they hold NM2 Creditor Liabilities equal or greater than 10% and further provided that such NM2 Creditors cannot be the A3T Bondholder, the NBF Lenders representative and/or any of their affiliates or related funds (the "**Excluded NM2 Creditors**").

If the new largest NM2 Creditor(s) hold less than 10% of the NM2 Creditor Liabilities, the release of the NM2/NBF Independent Collateral Transaction Security shall be decided by the following majorities:

- (i) 80% of the NM2 Creditor Liabilities then outstanding (which will include, for the avoidance of doubt, the Contingent Tranche only if it has been crystallised); and
- (ii) 80% of the NBF Creditor Liabilities then outstanding; and
- (iii) The A3T Bondholder or 80% of the A3T Bond Liabilities in the event that the A3T Bondholder has transferred some or all of A3T Bond Liabilities then outstanding.

In the event that a majority of 80% each of the Creditors group set forth above has not voted in favour of the release of the NM2/NBF Independent Collateral Transaction Security, such security shall remain in full force and effect.

For the avoidance of doubt, if the Equity Raise is provided and the additional shares issued in Abenewco 1 remain subject to the NM2/NBF Independent Collateral Transaction Security, the consent of the NM2/NBF Strategic Investor Committee shall not be required for such Equity Raise provided that the terms of the SOM Term Sheet are complied with.

- (l) The NM2 Facility Agreement shall be amended to include a right of first refusal to the NM2 Facility Lenders in relation to the proposed transfer of any NM2 Facility Lender Liabilities, provided that such right of first refusal offer shall be made available for no more than 3 Business Days.
- (m) The NM2 Facility Agreement and the Group Intercreditor Agreement shall be amended to provide that the NM2 Creditors and Bondholders (as defined in the Senior OM Term Sheet) will have pre-emption rights to provide any New Debt (as defined in the Senior OM Term Sheet) required by the Group in accordance with the following procedure once Abenewco 1 has made a proposal including amount, cost and structure:

- (i) Up to €60m – can be invested as NM2 by the Bondholders/NM2 Creditors/third party with a simple majority NM2 consent:
 - (A) Bondholders/NM2 Creditors (on a 50:50 basis) will have a pre-emption right on this tranche in the first instance;
 - (B) Any portion that is not taken up by either set of creditors shall be offered back for oversubscription to the other;
 - (C) If it's not subscribed for, third party can fund into the disenfranchised tranche;
- (ii) the full €125m (or anything above the €60m) can be invested as NM2 with 80% consent:
 - (A) Bondholders/NM2 Creditors have pre-emption on this tranche initially 50:50;
 - (B) Anything that is not taken up by either set of creditors is offered back for oversubscription to the other;
 - (C) If it's not subscribed for, third party can fund into the disenfranchised tranche; or
- (iii) any amount of the New Debt can be Reinstated Debt with pre-emption rights to both the Bondholders and NM2 Creditors on a 50:50 basis.
- (iv) Any additional financing at the NM2 level through the basket will go into a separate tranche. All investors (NM2, Bondholders, third party etc.) will invest into the same tranche. The tranche will be disenfranchised until the NM2 is fully repaid. The existing NM2 will have no ability to amend the economic terms of the disenfranchised tranche prior to an accelerated Event of Default.
- (v) Following an enforcement, the disenfranchised tranche can be dragged into a restructuring on the same terms as the existing NM2 Facility.

Tras ponerlo en conocimiento de administración para que se procediera a la reposición de la reclamación, se ha informado que se ha hecho lo que se había de hacer. El segundo ya había sido objeto de reclamación por parte de Amtech en este demanda y se ha legitimado como titular del contrato. Se ha comentado a LegalSur y se prepara contestación al Buñafax por ABSA y ABNT (esta previamente reclamado por Buñafax a Amtech la devolución o el ingreso a Linde del importe erróneamente ingresado y que Amtech no ha devuelto a Linde alegando que no se le había reclamado). Envíados Buñafax dirigidos a ABNT/Linde y ABSA. • 25/10/2017 recibida contestación de Linde a ABNT y ABSA (en este último caso siguen manteniendo el beneficio en su favor de la garantía pese a que no ha existido aprobación alguna a dicha cesión o extensión. En preparación contestación así como notificado a LegalSur para utilización en el procedimiento).

La factura posterior recibida de FHC asciende a 202.000 USD justificándose en exáctitudes en los trabajos, aunque se rechazó.
